THE TRUSTEES OF RESERVATIONS

1891 - 1960

SEVENTIETH ANNUAL REPORT

The Standing Committee of THE TRUSTEES OF RESERVATIONS wishes to thank all who, through financial assistance or any other form of contribution, have helped to make this an outstanding year.

Seventy years ago, this corporation was established by Chapter 352, Acts of 1891, Massachusetts General Court, for the "purpose of acquiring, holding, arranging, maintaining and opening to the public under suitable regulations, beautiful and historical places and tracts of land within this Commonwealth."

The Trustees are authorized to acquire land by gift, devise, or purchase, to hold such lands open to the public, and are free of taxation. The corporation may receive funds for the care of land and for general purposes.

Briefly, this board was created in order to provide a ready and absolutely trustworthy instrument by means of which persons who may desire to effect the permanent preservation of any interesting or lovely spot in Massachusetts can accomplish their purpose without difficulty or delay from legal causes.

ANNUAL MEETING

The Seventieth Annual Meeting of the Corporation was held in The Trustees of Reservations headquarters at the Pierce House in Milton on Wednesday, January 25, 1961, at 2:30 p.m. with President Laurence M. Channing presiding.

REPORT OF THE TREASURER

The Treasurer's report was presented and the same was accepted and placed on file. It will be found on pages 60 and 61.

Mr. Loring explained that his report for 1960 covered only a nine-months' period—January 1, 1960 to October 31, 1960—the latter date being the end of our new fiscal year, effective for the first time this year.

AUDITOR'S REPORT

The Treasurer presented the Auditor's Report for the years 1959 and 1960. They both were accepted and placed on file.

SECRETARY'S REPORT

At the meeting of the Standing Committee on Thursday, February 11, 1960, Mr. Charles E. Mason, Jr., was re-elected as Chairman, and Mr. Elliot L. Richardson was welcomed as a new member to the board.

SEVENTIETH ANNUAL REPORT

Loring Conant, Executive Secretary, reported the General Fund Drive for the calendar year 1960 totalled \$14,907.50, approximately \$1,000 more than the corresponding period in 1959 and an all-time high. The Friends of Chesterwood in their fund drive towards the support of Chesterwood Studio raised \$2,130. The annual drive for maintenance funds for Bartholomew's Cobble amounted to \$1,385.

During the year 1960 7 new founders were listed. Three bequests received totalled \$6,796. New members total 38.

NEW PROPERTIES

Through the cooperative interest of Mr. Daniel S. Cheever and Dr. F. Sargent Cheever, together with the generous gift of Mr. Henry L. Shattuck, 15 acres comprising an attractive pine grove, brook and maple swamp in the Noon Hill area of Medfield were acquired.

Mrs. George A. Bushee very generously made a gift of 62.30 acres of salt marsh and wooded drumlins as an addition to the Old Town Hill Reservation in Newbury.

At Agassiz Rock in Manchester, 7 acres of attractive upland were purchased for back taxes and added to the reservation. A kind friend has made a generous contribution towards defraying the cost.

The Trustees have successfully completed the negotiation with the Town of Andover, resulting in the substitution of approximately two acres of land for an equal area to that taken by the Town of Andover for the site of the reservoir at the Charles E. Ward Reservation in North Andover.

A new reservation, known as the Charles River Peninsula in Needham has been acquired by the generous gift of the owners, Messrs. William M. Austin, Henry R. Guild, James F. Powers, William B. Rogers, Jr. and George S. Weld. The area totalling about 29 acres was at one time part of the Walker Gordon Farm. Its features are a beautiful sloping open field bordered on three sides by the Charles River and affording from the high ground pleasant vistas of the surrounding countryside.

GIFTS

The Trustees are most grateful for the portrait of Laurence B. Fletcher painted by and presented to The Trustees by Miss Helen C. Gilbert, which may be seen at the Pierce House.

PUBLICITY

During the year, our publicity received added impetus. Under the direction of the Executive Secretary a two-day field trip to all The Trustees' areas west of the Connecticut River was given for a feature writer from each of the following Boston newspapers:

The Christian Science Monitor, *The Boston Herald* and *The Boston Globe*. The excellent articles resulting from the trip added immeasurably to the appreciation and understanding of the work of The Trustees and received many favorable comments.

The Executive Secretary gave the Laurence B. Fletcher Memorial Lecture to diversified groups:—Rotary Clubs, Lions Clubs, Garden Clubs, Church Groups, Women's Clubs and Conservation Groups, covering a wide area from Scituate to southern Berkshire County.

On instructions from the Standing Committee, the Executive Secretary attended the DPU hearing on December 9th in Ipswich to register opposition to the proposed erection of high tension power line utility towers across the Ipswich-Essex marshes. On December 16th and 17th, he also attended the public hearings at Eastham held by the Public Lands Subcommittee of the House Committee on Interior and Insular Affairs with reference to the proposed Cape Cod National Seashore Park. The resolution favoring establishment of the proposed park as voted by the members of the Corporation at the Annual Meeting held on January 28, 1959 was recorded and a copy was also filed with the proper authorities in Washington.

SPECIFIC AREAS

Under the direction of Dr. Herbert J. Arnold, Boughton Cobb, John Storer, members of the local committee of Bartholomew's Cobble, and S. Waldo Bailey, warden, a large base map depicting the geology of the Cobble was compiled and encased beyond the entrance to the Cobble. At designated specific areas along the trails small field signs were placed to explain in simple terms on-the-spot geological notations of interest. Mr. Bailey has reported an enthusiastic response and appreciation from visitors to the Cobble for this educational material.

On Saturday, June 25th, a tea for friends in Stockbridge was given at Naumkeag for the opening of the house and gardens. On the two ensuing days, both the house and gardens were opened without charge for people in the Stockbridge area. Under the direction of Mr. Bates, Miss Choate's valuable collections were well and safely displayed. The rooms were roped off to prevent handling and four attractive young ladies, serving as guides, escorted limited groups throughout the house. During the season, which closed shortly after Labor Day, about 1,200 people visited Naumkeag.

Under the able direction of Nathan Bates, the reservations have been well cared for. All areas were visited and inspected. Needed work such as clearing trails, thinning out brush, picking up waste, cutting vistas, when conditions required, was done

SEVENTIETH ANNUAL REPORT

at Elliott Laurel Reservation, Phillipston; Misery Islands, Salem; Lowell Holly Reservation, Mashpee; Mount Ann Park, Gloucester; Agassiz Rock, Manchester; Old Town Hill, Newbury; Pegan Hill, Dover; and Bartholomew's Cobble, Sheffield.

The Standing Committee has continued its search for new areas, and for desirable areas to add to existing reservations. During the year many contacts were made that gave realistic hope for important additions in the future.

During the year, assistance has been given to help organize and co-ordinate the activities of the proposed Charles-Neponset Green Belt Council. This newly forming organization comprises residents in about fourteen communities in the valleys of the Charles and Neponset Rivers who are eagerly interested in preserving open space areas in their regions.

Attendance reports from all areas showed a continuing and growing interest. With better highways making easier travelling possible, more people are becoming aware of The Trustees' reservations and are enjoying them with a fuller appreciation of our purpose.

The Standing Committee has appointed new members to various local committees as vacancies occurred.

With the passing of Dr. Joel E. Goldthwait on January 15th, we have lost a valued friend and supporter of the best traditions of The Trustees. His active and devoted interest to his Rocky Woods Reservation in Medfield will serve as an inspiration to all of us.

President Channing paid tribute to Dr. Goldthwait for his devotion, generosity and interest in the Rocky Woods Reservation, Medfield, and stated he would ask the Standing Committee to accept a resolution of sympathy and appreciation.

DR. JOEL E. GOLDTHWAIT

Resolution of the Standing Committee on March 9, 1961

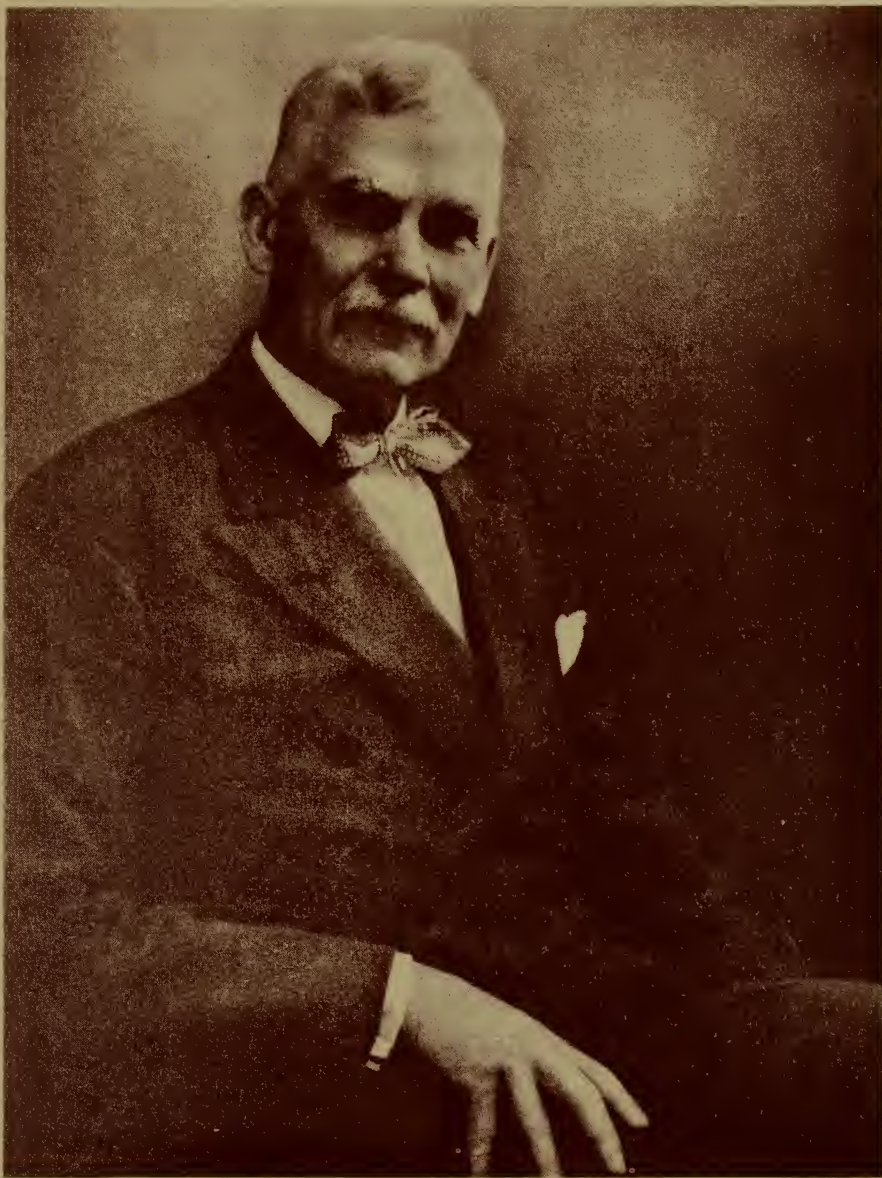

With the death of Dr. Joel E. Goldthwait, The Trustees of Reservations have lost one of their most active and enthusiastic supporters. After many years as one of the pioneering doctors of the country specializing on arthritis and related diseases, Dr. Goldthwait retired and turned his talents towards the forming and development of the Rocky Woods Reservation in Medfield.

He made his original gift of 303 acres in 1942 and he has made additional gifts in subsequent years so that now the total area is in excess of 400 acres.

Under his constant supervision this land has been developed into a Recreational Area that is enjoyed not only by the local community but by people from near and far. The ponds, trails and picnic areas were planned by him with great imagination and grew under his guidance into a cohesive whole.

His idea was to have a reservation that could be enjoyed the year round; skating in the winter; fishing in the spring and early summer; boating and picnicking in the summer and fall. This objective has certainly been realized.

Rocky Woods is a fitting memorial to a remarkable man. The Standing Committee wishes to record its deep sorrow and feeling of loss at his passing.

DR. JOEL E. GOLDTHWAIT

Recipient of the Trustees of Reservations Conservation Award for the year 1958 in recognition of his life-long interest and activity in the field of Conservation and for his generous and devoted service in establishing and developing the Rocky Woods Reservation in Medfield.

MANAGEMENT OF RESERVATIONS

GENERAL POLICIES

To welcome the public on the Reservations, which are set aside for the enjoyment of natural beauty and the edification provided by historic places; they are not preserved as amusement parks.

To preserve The Trustees' lands in pristine condition.

To cherish handsome trees, native wildflowers, and shrubs.

To protect birds and wildlife.

To keep vistas open and excess scrub growth cut down.

To keep to a minimum all roads, paths, parking areas, picnic grounds, service buildings, etc., and where they are required to have them simple and inconspicuous.

To preserve historical landmarks.

LOCAL COMMITTEES OF MANAGEMENT

Preamble

All property of all Reservations, together with all their assets and liabilities, belong to and are the responsibility of The Trustees of Reservations.

The Standing Committee determines policies, disbursements of monies and the terms of use of the Reservations by the public.

Each Reservation is managed by a local committee approved by and responsible to the Standing Committee and consisting of individuals who have concern for the Reservation and will help administer and oversee it as circumstances require, and one or more members of the Standing Committee and of the Corporation if practicable.

Duties

1. To arrange for the visiting public.
2. To receive income from fees payable for service rendered visitors; to help the Standing Committee find funds for normal and extraordinary expenses of the Reservation; and to report on the same.
3. To hire, pay, and superintend such labor and buy such materials as may be required for construction and maintenance of the Reservation, and to account for the same.
4. To protect the Reservation from injury and mistreatment.
5. To report annually to the Standing Committee on matters of current interest.
6. To make recommendations to the Standing Committee for such changes and improvements, construction, and emergency work as may be needed or desirable. This would

include all undertakings which affect the permanent character of the area, such as increase of land holdings; tree felling; building of roads, major trails, and firebreaks; designs for planting, shelters, service buildings, memorials, etc., and alterations of existing buildings.

7. Draw up local rules and regulations for the approval of the Standing Committee, and file in the Office of The Trustees.

Study and appreciation of the Reservation should be encouraged. Where feasible, descriptions of land, local history, geology, botany, ecology, bird lore, and wildlife should be collected and published for the use of visitors.

Where conditions permit, a small area should be set aside in the Reservation where typical kinds of rocks, plants, trees, etc., can be labeled for the information of visitors.

*THE PERCHED AGASSIZ BOULDER
BENEATH WHICH GLACIAL STRIAE ARE PRESERVED*

AGASSIZ ROCK

*Manchester—at Essex Lane on School Street just north of
Route 128 at Exit 5 (83 acres).*

In 1957 The Trustees of Reservations acquired this reservation located in the Town of Manchester, Mass. with the initial acreage of 28.8 acres and an endowment of \$5,000. In 1958 another 46 acres of land were acquired as a generous gift of the same friend. In 1960 an additional 7.8 acres of adjoining land were purchased. The reservation now comprises approximately 82 acres of land.

The feature of the Reservation are two huge glacial boulders—"Agassiz Rock" balanced on one edge and on a smaller similarly balanced rock on top of Beaverdam Hill and "Big Agassiz" in a wooded swamp hollow close to the Manchester-Essex town line north of the hill—both said to have been discovered by Professor Louis Agassiz. The open ledges on the hilltops and the gravel pit near the highway provide added geological interest to what is basically a "geologic" reservation.

SEVENTIETH ANNUAL REPORT

Due to the diligence and generosity of Mrs. Elizabeth Sturgis Hinds, local committee member, who noticed that the land was up for tax sale, The Trustees were able to purchase the most recent acquisition of 7.8 acres of adjoining land after tracing an heir of the record owner to California. The acquisition will add greatly to the protection of the reservation and its many rare plant and tree specimens from an encroaching gravel pit. And there is little fear now of future "developments."

The reservation has been left in its natural condition with a well-cut winding path leading to the top of the upland. This upland commands a sweeping outlook over the countryside in all directions, including a view over the Manchester shore.

The reservation has been visited by increasing numbers of people during the summer and its beauty and unspoiled charm are finally becoming better known and more widely appreciated.

BARTHOLOMEW'S COBBLE

*Sheffield—at Ashley Falls on Housatonic River west of Route 7.
(30 acres)*

Purchased in 1946 through subscription and donations of interested friends. Various campaigns to raise endowment funds have produced \$10,061.00 to date.

The Cobble, bordering on the Housatonic River, is a unique natural wild rock garden featuring unusual plant life related to the limestone ledges and in the surrounding open fields. Over six hundred different species of plants have been identified during the past ten years, and a pamphlet describing the geological and botanical features of the Cobble with six full page photographs of interesting plants was published in 1958.

LOCAL COMMITTEE

Since The Trustees took over the Cobble it has changed considerably from the lovely pasture, even then widely known, that it was in 1946. Now the meadow that was kept open by cattle must be mowed once a year and paths must be kept clear. Trails, field stations, and the recorded observations of a botanist warden have made it an outdoor laboratory without depriving it of any of its inherent beauty.

*RAIL FENCE ADORNED WITH BLACK EYED SUSANS
BARTHOLOMEW'S COBBLE—SHEFFIELD*

In 1960 visitors came to the Cobble from early April through the long Indian summer. There were more individuals and fewer clubs than in previous years, and total receipts increased by 25%. Of the groups that came, besides children with parents, there were schools and camps, but fewer than the usual number of Garden Clubs. Through Boughton Cobb several members of the Massachusetts Society for the Preservation of Wild Flowers were introduced to the Cobble's botanical specimens. Visitors came from many states, Canada, and other foreign countries. They expressed enthusiastic appreciation of the new stations with data on the geological-ecological aspects of the reservation.

A new trail for bird watchers was sketched in along the river bank to the less frequented section down stream.

SEVENTIETH ANNUAL REPORT

WILLIAM CULLEN BRYANT HOMESTEAD

*Cummington—on Route 112 leading from Route 9
at reservation sign (240 acres).*

The Bryant Homestead was acquired in 1929 by bequest of Minna Godwin Goddard, granddaughter of William Cullen Bryant, with a legacy of \$10,000. A second \$10,000 bequest by Julia Sands Bryant, daughter of the poet, was added to the endowment in 1930.

Conrad G. Goddard, residuary legatee of Mrs. Goddard, conveyed to The Trustees the Bryant memorabilia contained in the Homestead. In accordance with an agreement, the Homestead is occupied by the family of the donors who are responsible for the maintenance and for holding it open to the public on Monday, Wednesday and Friday afternoons from June 15th to September 15th.

The admission fee was raised to 50¢ per person from 25¢ at the opening of the 1960 season and 272 admissions were recorded—an increase of nine over the previous year. A picnic table and fieldstone fireplace have been put in place near the pond. In the fall the State Forester gave a demonstration of the pruning on about 25 pine trees.

A self portrait of General Abram Godwin and his cocked hat, epaulettes, sash and sword have been put on exhibition. General Godwin was Fife Major of the 5th New York Line Regiment in the American Revolution.

CANAUMET: LOWELL HOLLY RESERVATION

*Take Route 130 to Mashpee Center and the first left south

at the entrance of a dirt road on left (130 acres).*

Lowell Holly Reservation was given to The Trustees in 1942 by bequest of Mr. A. Lawrence Lowell with an endowment of \$10,000.

The reservation is a peninsula bordered by Wakeby Pond and Mashpee Pond featuring a large holly grove, splendid beech trees and plantings of laurel and rhododendron.

Hurricane "Donna" did quite a lot of damage in the Reservation particularly among the pines, maple, and beech, but beyond discoloration of the leaves little damage was done to the hollies.

A couple of large trees fell in the rhododendron bed and some damage was done but this can be repaired with severe pruning, and some of the rhododendrons would be improved by pruning the oldest wood so that new growth can be made. The bloom on the rhododendrons was very good this season, reflecting the application of fertilizer that was applied last year.

The past season some two tons of fertilizer for acid loving plants was spread, and the good effects of this was noted on the hollies with better colored leaves and brighter colored berries. Another ton of this same type of fertilizer left from last year's purchase was spread this last fall on the trees and plants that Dr. Lowell had planted on the end of the Reservation. These trees, firs, hemlock, and pines, were planted rather closely in large groups and have exhausted the fertility in their area, so we hope for better growth and color next season. A new path was cut among these tree groups making it possible for visitors to walk among these very interesting plantings.

It is hoped to clear out a new lookout from the high elevation at the point so that new vistas may be opened to Wakeby and Mashpee ponds. Many of the best hollies are located at the point but seldom seen because of their remoteness.

A warden was on duty at the picnic area from July to late September on Saturdays and Sundays. 236 automobiles were counted, from 19 states and Canada. The picnic area is used a great deal during the week and picnic parties find the beaches very useful for small children, as the sea beaches are much more dangerous. Exclusion of motor boat landings has done much to encourage the use of the picnic area by out of state parties.

The visit of The American Holly Society to Falmouth brought a side trip to the Woods and great interest in the hollies was shown by this group, who walked among the hollies and were amazed at their size and good condition. At the meeting place in Falmouth some 150 leaflets describing the Woods and telling of the work of the Trustees were distributed. Interest in the work of The Trustees in holding these beautiful areas was expressed by many of the visitors.

Hurricane "Donna" ruined the autumn foliage color as the undeveloped leaves were either torn from the trees or covered with salt spray and so the beautiful tupelo coloring was badly missed. Repairs to the road to the extent of about \$100 was made and some of the bad curves were straightened.

Hundreds of robins fed on the holly berries the past winter and seemed to thrive in spite of the low temperatures. Fishing on both Mashpee and Wakeby have been about as usual but reports of catches of large trout were numerous. The usual good help from both the police and fire departments of Mashpee is acknowledged.

The Trustees are most grateful to Messrs. William M. Austin, Henry R. Guild, Dr. James F. Powers, William B. Rogers, Jr., and George S. Weld for their generous gift of this new reservation.

The 29-acre tract is primarily an open sloping field, at one time pasture land of the Walker Gordon Farm, bordered on three sides by the Charles River. As it is situated in a rural setting, there are pleasant vistas of the surrounding countryside.

CHESTERFIELD GORGE

West Chesterfield—Follow Route 143 from Route 9 at Williamsburg to West Chesterfield Bridge—proceed south one mile on River Road (58 acres).

In 1929 to save them from lumbering, 17½ acres on the east bank were purchased by an advance from the general fund reimbursed by subscriptions. Under an agreement negotiated in 1947 and consummated in 1949, 5½ acres on the west bank were added to the reservation subject to the life tenancy of Mr. and Mrs. Frank W. Thayer who operated picnic facilities and a parking space around their house until Mr. Thayer's death in 1953. Mrs. Stanley King and Sidney L. Beals made generous contributions for this purchase. In 1950, inspired by the active interest of Mrs. Clarence R. Swenson, the Pioneer Valley Association gave thirty acres to The Trustees on the east bank, and in 1955, the Quinnehtuk Company gave five acres on the east bank completing The Trustees' holdings in the gorge proper.

This violent scenery is most unusual in Massachusetts—where the west branch of the Westfield River passes through narrow rock walls luxuriously crowned with hemlock.

1,442 persons visited our Gorge this summer—about 500 more than ever before.

The old house is down and soon grass will be growing where it stood. The whole area has been kept in apple-pie order by our competent Warden. People from far distant parts of the state seem to come regularly to spend the day, probably because of the simplicity of the place—and this year a few hardy swimmers came often to bathe in the deep, dark pool at the foot of the cliff—a seemingly impossible climb!

The old Boston and Albany post road along which it is reported some 40 coaches a day used to pass—and which was abandoned many years ago—has been bulldozed by a neighboring lumberman, so that now access to the Gorge can be had through the woods from the top of the hill on Rt. 143. This should give our visitors who like to walk more opportunity to enjoy the beautiful wilderness on the other side of the Gorge.

CHESTERWOOD

THE STUDIO OF DANIEL CHESTER FRENCH

Stockbridge: The studio can be reached by going west from Stockbridge on Route 102, Southern Route 183, turning right on Williamsburg Road (68 acres).

Gift in 1954 of Mrs. William Penn Cresson, daughter of the late Daniel Chester French, consisting of Mr. French's studio with its contents, as a memorial to her father. The gift includes 68 acres of land; 18 acres in 1954 and 50 acres in 1955.

Mrs. William Penn Cresson submitted the following report for the 1960 season:

The Chesterwood Studio, Stockbridge, Massachusetts, had a satisfactory season, although owing to curtailment of publicity, the attendance was not as large as in previous years. Sales, however, of postcards, books, slides and medals, showed an increase of interest.

LINCOLN STATUE, Washington, D. C.

With his head seemingly bent in thought, Abraham Lincoln sits in a flag-draped chair in the Lincoln Memorial. Standing 19 feet high, this great statue was carved out of Georgia marble by Daniel Chester French.

At the Annual Meeting on October 7th there was discussion of a Civil War Exhibit to be held in the Studio for the next few summers, in celebration of the Centennial of the War Between the States. Mr. French made about ten statues and busts of Civil War heroes. The Standing Committee was asked for the sum of \$300 for such an exhibit. The Committee suggested that \$100 be appropriated as a starter.

The barn roof has been done over, to the tune of \$1,045 and there are other repairs needed on that building as well as on the Studio.

The Garden Club of America will visit Stockbridge in June, 1962, and we hope to have the garden in becoming condition for visitors, as enthusiastic and knowledgeable lady horticulturists will be converging upon us from all parts of the country and it seems essential that we be in party dress to receive them.

The Chesterwood Studio is listed in the American Association of Museums; quite a feather in our cap. A donation of \$100 was made by Mrs. Stewart Woodworth of Boston for the purpose of taking pictures of the interiors of Mrs. Cresson's house. This matter has been taken care of and a superb album of photographs, showing the placement of furniture, paintings and other art objects, has been made. Mrs. Cresson also reported that a sculptor friend, Mr. Michael Lantz, had visited her in the autumn and had been generous enough to mend a number of plaster casts that had been broken and were in need of repair. The Committee greatly appreciated his kindness and his skill.

Mr. Conant reported on the membership, Friends of Chesterwood, and said that a total of \$1,700 had been received to date.

The Chairman asked that Mr. Bates include Chesterwood in his tree cutting operations for the autumn. Mr. Bates came in November and his men took care of a good deal of down timber, but more time was needed.

Miss Mary Flynn, Director of the Chesterwood Studio, gave a very comprehensive report and suggested that another year the publicity be not reduced, so that the chart of our attendance might continue its upward slant.

Mrs. Cresson proposed the name of a new member of the Committee, Colonel Donald Douglass of Boston, and Colonel Douglass has accepted.

RICHARD T. CRANE, JR. MEMORIAL RESERVATION

*Located in Ipswich on Argilla Road about six miles from
Route 1A at Ipswich South Green (1315 $\frac{3}{4}$ acres).*

One thousand acres of beach and dunes were given in 1945 in memory of Mr. Richard T. Crane, Jr., by Mrs. Crane and the Crane family. In 1949 additions were made to the reservation through bequest of 300 acres comprising the major portion of Castle Hill, Middle Hill and Steep Hill with beach, dunes and marshlands, and by gift of 50 acres of beach and dune land adjoining Castle Neck Beach.

CASTLE HILL GRIFFON—IPSWICH

In 1952, Florence Crane Belosselsky exercised her option on 55 acres and in 1953, 16 acres were given to the Town of Ipswich. By gift of a generous member of The Trustees, Patterson's Island, consisting of 22.75 acres, was added in 1957.

From the Great House on Castle Hill surrounded by spacious lawns and beautiful gardens, there is a magnificent panoramic vista of sea, dunes and marsh-land. Several miles of sandy beach and high dunes offer superb recreational attractions. The Castle Hill Foundation has a splendid series of summer concerts and art lectures at Castle Hill which they offer to the public.

The 1960 season at Crane Beach was greatly enjoyed by about 150,000 people.

We were blessed by excellent weather which brought visitors from all parts of the nation to enjoy probably one of the finest beaches in America. We were particularly pleased to have so

many groups enjoy our beach and we were very gratified to be able to aid hospitals and institutions in giving pleasure to their patients.

The store sold around 14,000 hot dogs, about 4,000 cases of tonic as well as candy, novelties, pine lotion and various other merchandise which one uses at the beach. It is interesting to note that we were the first public beach to sell canned soft drinks. Not only was this innovation a saving in expense but the hazard from broken bottles was eliminated.

There were the usual lost children which were quickly found by our patrol car through the loud speaker.

First Aid took good care of the sun burns and other physical difficulties which occur during the visiting hours. Cooperation and help from the town agencies (police, fire, selectmen) was as always excellent and greatly appreciated.

We look forward to 1961 and trust that atmospheric conditions will again favor us.

Marblehead—off the public beach at Delliber Cove between Peach Point and the old town settlement (5 acres).

Given in 1955 by Mrs. Francis B. Crowninshield with \$10,000 endowment, \$3,000 in 1956 and \$2,000 in 1957 were added to the original endowment.

The reservation is the former Brown or Orne's Island off the public beach at Delliber Cove between Peach Point and the old town settlement of Marblehead. The island was planted with conifers by Mrs. Crowninshield and is an attractive objective for small boats from the Cove and Marblehead Harbor.

Dead trees and brush were cleared away and new conifers have been ordered for planting.

Holyoke—on the west bank of the Connecticut River off Route 5 going toward Northampton (7½ acres).

Purchased in 1935 to preserve a prehistoric trace of clearly defined footprints made by dinosaurs some 150 million years ago.

DOANE FALLS

Royalston—at the junction of Hill Road and the main road from Royalston to Athol (12 acres).

NO COMMITTEE

On June 27, 1957, The Trustees obtained an option to purchase approximately 12 acres on the east bank of Lawrence Brook at Doane Falls. At the June 1959 meeting of the Standing Committee, it was voted to exercise this option in order to preserve this unique scenic area with a high waterfall and a clear stream flowing through a granite gorge crowned with coniferous trees.

ELLIOTT LAUREL RESERVATION

Phillipston—on the Petersham-Templeton Road just west of the south end of Queen Lake (25 acres).

Given in 1941 by Frederick W. Elliott in memory of his mother and endowed by Miss Olive Simes. This is a hillside reservation with substantial areas of mountain laurel.

LOCAL COMMITTEE

Additional clearing designed to free the laurel from the overtopping trees and bush was carried out during the year. The areas so cleared may look somewhat stark until the landscape has had a chance to adjust to the new conditions. We expect the laurel to show strong new growth in a period of two or three years.

There is now a pleasant view to the southwest from the ledge near the top of the hill.

HALIBUT POINT

Rockport—on the northerly tip of Cape Ann between Folly Cove and Andrew's Point (12¼ acres).

In 1934, a park was obtained through generous gifts from Dr. John C. Phillips and interested residents of Rockport. The Trustees purchased an additional 28 acres in 1936. In 1940 and 1944, Dr. Stube made gifts of additional acreage. In 1954, the Supreme Judicial Court gave The Trustees authority to release 32¾ acres that were not essential to the reservation property.

We had many visitors at our popular Halibut Point Reservation during 1960. The total number of visiting autos was about 2,600.

The heavy surfs, beautiful sunsets, and the passing boats are attracting many photographers here.

Due to vandalism, we had to make some repairs to the comfort stations. The annual cutting of grass and trimming of bush along the main path was carried out.

The Reservation and the paths leading to it are in good condition.

HOLMES RESERVATION

Plymouth—on Court Street (26 acres).

Twenty acres were given in 1944 by Francis C. Holmes and his sister, Miss Helen M. Holmes, with an endowment of \$10,000 to preserve a field that was a mustering ground in prerevolutionary days to keep open a famous view of historic Plymouth Harbor. An additional acre was given in 1955 by the Plymouth Cordage Co. and 4 acres were acquired in 1959.

1960 saw little change in the Holmes Reservation, its condition being well maintained by the County House of Correction as a hay field. The portion donated by Plymouth Cordage has not required attention. We plan to construct a vehicle-proof fence and chain gate in the spring. This will allow for passage of pedestrians but not automobiles. At present there is a great deal of litter deposited on the property and we hope the above steps will eliminate the unsightly condition.

Adjacent to the old property, our neighbor is planning a housing development. The street has been placed and paved and we expect building to start shortly. This should impair the view only very slightly when one looks out toward Myles Standish Monument on the Duxbury shore.

The removal of scrub should continue next year, assuring an open view of the bay and harbor. This is the wild cherry and sumac which grows up on the perimeter and road sides where the hay mower cannot reach.

GOVERNOR HUTCHINSON'S FIELD

Milton—atop Milton Hill on Adams Street (10 acres).

Nearly three-quarters of the area was acquired in 1898 by the gift of Mr. John M. Forbes and his sister, Mrs. Mary F. Cunningham—the balance of the area being purchased by funds obtained from subscriptions of interested friends from Milton and outlying districts. Further subscriptions and bequest of \$1,400 from Mrs. Cunningham provided funds for the care of the field.

MASHPEE RIVER

Mashpee—the land adjacent to Mashpee River lying south of Route 28 (about 375 acres).

This reservation was acquired by gift from Mr. J. W. Farley just prior to his death in March, 1959.

Mashpee River is one of the few remaining rivers in the state attractive to sea run trout known as salters. Besides being a trout stream the adjacent wet land area is attractive to waterfowl.

MEDFIELD RHODODENDRONS

Medfield—on southwest side of Route 27 opposite Kingsbury's Pond about one mile south of village (90 acres).

Medfield Rhododendron Reservation is primarily an historical and botanical phenomenon, the most eastern and—except for Fitzwilliam, New Hampshire—the most northern outpost of native distribution of *Rhododendron maximum*.

The Medfield Rhododendron Swamp was at its best last July 4th. Often visitors make the mistake of coming too early in

the season to see the area at its height. 1960 was definitely a good year, and the blooms were very numerous and luxurious.

A recent trip to the swamp leads to the following conclusions. The sides of the road entering the area should be cut back in spots to enable cars to pass more freely. The walk from Route 27 is too long in some cases. Bridges in swampy spots still need repair, and piles of dead brush should be removed.

At this point it is hard to tell what kind of a show will be available next spring. Buds do not appear to be as numerous as last year, but there are some areas which should be very beautiful, particularly deep in the swamp.

MISERY ISLANDS

Salem Harbor (82½ acres).

In 1935, 68 acres were acquired through subscriptions from local residents, and in 1938, Dr. John C. Phillips and Charles S. Bird gave an additional 6½ acres, with 5 acres added in 1940 from the estate of Theodore C. Hollander. In 1950 ½ acre and in 1955 2½ acres were acquired by purchase.

NO LOCAL COMMITTEE

The usual spring and fall pickup work was performed at the island. Next year an effort will be made to make weekly visits during the summer season. As many as 70 boats have been noted at the island of a Sunday afternoon.

The Trustees regretfully accepted the resignation of Mr. John Lawrence, who for several years was a one-man local committee.

MONUMENT MOUNTAIN

Great Barrington—on Route 7 at the Stockbridge-Great Barrington town line (256½ acres).

The gift of the late Miss Helen C. Butler of New York in 1899 was in fulfillment of the wish of the late Rosalie Butler that it might be preserved forever for the enjoyment of the public. Miss Butler's original gift was accompanied by \$2,000 for care of the reservation and increased by an additional gift from her of \$5,000 in 1906.

Paths from the picnic grove on Route No. 7 lead to the top near which the memorial rock has been inscribed. The views from the top are very extensive and the mountain itself is a scenic feature of the region.

Again, this year no caretaker was available at the Reservation and no charges were made to the public. The twenty-three picnic tables were repaired where needed, and all will be repainted in 1961. The area is kept in satisfactory condition by the State Highway Department.

We purchased two rotating charcoal-burning grills on an experimental basis with the idea that if these were satisfactory the purchase of others might well replace the unsatisfactory open fireplaces.

Without a warden we have no knowledge of the number using the picnic area but from observation it would appear that it may have been used more this year than ever in the past. This also applies to the use of the trails on the mountain.

MISSION HOUSE

Stockbridge—on Main Street (½ acre).

The generous gift in 1948 of Miss Mabel Choate with an endowment fund for maintenance of building and grounds, the Mission House located on Main Street, Stockbridge, is an early 18th century house restored and refurnished with an excellent collection of early Americana of the period when occupied by Reverend John Sergeant, missionary to the Stockbridge Indians from 1735-1749.

During the past year 3,250 persons visited the Mission House representing 14 foreign countries and 40 states in the Union. The attendance the year before was 2,855.

Last Spring the barn was repaired and painted a pleasing red. This Fall the Mission House proper was repaired and painted with cuponol (a colorless paint).

With reluctance the Local Committee accepted the resignation of Mr. Henry W. Dwight as Chairman of the Local Committee but persuaded him to remain on the Board. The Committee also regrets that because of ill-health Mrs. Bertha L. Fox was forced to

resign as Curator. However, the Committee was fortunate in obtaining the services of an experienced curator Mrs. William C. Hunt. Mrs. Hunt was substitute Curator of the Flag Museum in Baltimore and has been active in Committee work for the Daughters of 1812 and the Daughters of the American Revolution. She already has become familiar with the history of the Mission House and its possessions.

Three new members have been added to the roster of the Local Committee: Mrs. Walter Hoving, Mrs. Rodney Proctor and Mr. Lewis B. Cuyler.

More and more the Mission House is being visited by student groups interested in American history. In January 1960 the Mission House was opened for a group of 95 students and in April another group of students from Australia, Argentina, Africa, India, the Phillippines, Mexico, Malaya and Japan made an instructive tour of the Museum.

This interest in our early Colonial history by the younger generation has become increasingly noticeable. The Committee will continue to exert every effort to foster and encourage this trend. In this connection the following description of John Sergeant written in 1829 by the Reverend David D. Field, a native of Stockbridge and a well-known Minister of his day, and

the father of David Dudley Field (eminent lawyer), Cyrus W. Field (Atlantic cable), and Stephen J. Field (U. S. Supreme Court Justice) seems pertinent.

In speaking of John Sergeant the Reverend Field says:

"In stature he was rather small; but possessed a beautiful countenance and a good constitution. Few persons have been as greatly beloved in life and lamented in death as this servant of God. His talents, natural and acquired, were superior; his temper sweet, his manners engaging, and his piety ardent and persevering. In epistolary writing he excelled."

It is but fitting that the memory of this noble man is preserved for present and future generations by the Mission House.

MOUNT ANN PARK

West Gloucester—on Route 128 between Manchester and Gloucester, just west of Exit 4 (81 acres).

In 1897, 50 acres were given by William, Charles S., Robert S. and Laurence Minot in memory of their brother, Henry Davis Minot, with a fund of \$1,000 subscribed by the family and friends. Three small parcels to the north of the original piece, approximately 25 acres, were added in 1927, gifts from David O. Mears and the heirs of Edward Bray. In 1929, Mrs. Ruth A. Oakes, daughter of Sidney F. Haskell, gave approximately 16 acres, bounded on the north by Mount Ann Park and on the south by Dikes Meadow Pond. A contribution of \$1,000 by George Wigglesworth was given to pay for the timber rights in the new area. The Commonwealth took 7 acres in 1952 for the construction of the new Route 128 highway and provided a much appreciated parking area for the Park.

During the period of 1952-1954, \$19,831 was added to the Henry Davis Minot Memorial Fund by members of the family for the purpose of providing an endowment for the reservation.

Mount Ann Park is the highest point (225 feet) on Cape Ann, commanding a sweeping ocean view from Mount Agamenticus near York, Maine, across the tip of Cape Ann and Massachusetts Bay to the Blue Hills on the south. Inland the view extends over forest and low hills to Mount Wachusett and on a clear day to Mount Monadnock. The reservation includes the summit and glen with very fine hemlocks and large boulders, on one of which a memorial tablet has been placed.

About 5,300 visitors signed the Register in 1960 and many others came who left no names.

The views from the summit have been greatly enhanced by removing scrub trees and branches. The Local Committee has

The house at Naumkeag which was acquired in 1959 by the generous bequest of Miss Mabel Choate was opened for the first time on June 25, 1960, at an invitation tea for the friends of Miss Choate and The Trustees. For the ensuing two days it was open to the people of Stockbridge to view.

The house and grounds remained open to the public for the remainder of the summer until closed in mid-September.

Under the direction of Miss Kay Schneyer and her three assistants over 1,200 people had the opportunity of going over this beautiful estate and also of being shown through the house.

The Trustees have endeavored to keep the house as a sample of the summer residence of a prominent New Yorker at the turn of the Century. The rooms are furnished as they were when Miss Choate lived in the house and we have tried to maintain the atmosphere which she and her father created. Mr. Fletcher Steele has continued to give his invaluable advice concerning the upkeep of the grounds, for which we are very grateful.

This new parcel lies on the northeast side of Noon Hill St. commencing at the junction of Causeway St. and Noon Hill St. A beautiful pine grove, small brook and maple swamp afford a variety of landscape that make an attractive open space area.

Total attendance in 1960 was 15,811. The house is in good condition and Mrs. Cleveland has been very successful in establishing a smooth running organization. As a matter of insurance we are installing lightning rods on the house and shed. We have decided to keep the house heated at a low temperature during the winter. We feel that though the expense may be considered out of proportion for the house, it is certainly to the benefit of the house to have it heated and if the year's experience does not prove to be excessively expensive, we expect to continue the heat during the winter in the future.

OLD TOWN HILL

*Newbury—north of the Park River and west of Route 1A
on Hill Street (174 acres).*

The original tract of 25 acres, known as "Hale's Old Town Hill Public Park" was safeguarded in 1929 through the generosity of Mrs. George A. Bushee in continuance of the efforts of Stephen P. Hale to keep the area unbuilt upon and open to the public. In 1952, Mr. Bushee added 90-odd adjoining acres to the original tract on the hill and 47.9 acres in the so-called amphitheater and salt marsh on the south side of Hill Street, giving the combined area to The Trustees with an endowment of \$5,000.

OLD TOWN HILL—NEWBURY*

LOCAL COMMITTEE

Mrs. George A. Bushee, <i>Chairman</i>	
Mrs. A. J. Barton, Jr.	Elliott Perkins
Clifton A. Lunt	Edmund Shepard
Sam Smith, <i>Warden</i>	

The hill is a bare drumlin commanding to the east a panoramic view of Plum Island Sound and the open sea, and to the west a broad vista of the adjacent marshland of Little River and the rolling country of the interior.

Mrs. George A. Bushee made a very generous gift during the year of an additional 62.3 acres of salt marsh and wooded drumlins. This new tract will add immeasurably to the protection as well as to the natural beauty of this scenic reservation.

The Easter morning sunrise service was held on the hilltop again this year. Brush and scrub growth were cleared where necessary; a stone wall was repaired. Weeping willows and dogwood were planted on the southern slope near the road.

The Local Committee and The Trustees were saddened over the death last summer of John P. Marquand, a loyal and interested member.

SEVENTIETH ANNUAL REPORT

PEGAN HILL

Dover and Natick—can be approached from South Natick Square on Route 16, southerly on Pleasant Street and bearing to right on Pegan Street (31 3/7 acres).

Twenty-eight acres were acquired in 1956 by gift from Mr. and Mrs. Judson S. Battelle in memory of Mr. Battelle's father. Subsequently friends in Dover have raised an endowment of \$9,000. In 1957, Mrs. Dorothea D. Hovey gave 3.37 more acres adjoining the Dover line.

LOCAL COMMITTEE

Charles Jackson, <i>Chairman</i>	
Laurence M. Channing	Arthur Perry
Charles E. Channing	George S. Mumford, Jr.

Pegan Hill, a rounded drumlin landmark in the Natick-Dover Area, is associated with the Indian settlement sponsored by John Eliot in his missionary effort.

Further cutting was carried out during the year to improve the view towards Blue Hill. The parking area at the South Natick end of the main trail was improved and trails were cleared of brush and branches.

PETTICOAT HILL

Williamsburg—south of Route 9 at well-marked sign (60 acres).

This reservation was acquired by gift from Mrs. Martha W. Nash as a memorial to her husband, Edward W. Nash in 1905 together with a maintenance fund of \$1,000. In 1923, The Trustees bought 10 acres of land at the top of the hill with funds from Mrs. Nash's gift. On several occasions Mrs. Nash also contributed money for clearing and other projects, and at her death in 1945, she left a bequest of \$2,914.33 for an endowment.

LOCAL COMMITTEE

Prof. Robert F. Collins	Mrs. Robert F. Collins

A path to the summit leads through oak and hemlock woods to the upper ledges. Views from the trail on Petticoat Hill out over the valley of Mill River and from the top of the hill to the south are rewarding features of this reservation.

PIERCE HOUSE

Milton—at 224 Adams Street, adjacent to Governor Hutchinson's Field (6 acres).

Since March 1959, the Pierce House has served as the office headquarters of The Trustees of Reservations. With its ample parking space, beautifully landscaped grounds and modern

THE TRUSTEES OF RESERVATIONS

dwelling, it is providing an efficient and gracious atmosphere for the executive activities of The Trustees.

Considerable work has been accomplished on the grounds but there still remains much to be done, particularly in the gardens. It is hoped that assistance will be rendered so that the job can be completed and maintained.

The Seventieth Annual Meeting of the Corporation was held on January 25th in the large reception room. Meetings have been held on the "open space" problems so vital and serious today and more are being planned.

Friends are most cordially invited to visit our headquarters.

PINE AND HEMLOCK KNOLL

Wenham—bordering Wenham Swamp off Pleasant Street (14 acres).

LOCAL COMMITTEE

A. Winslow Dodge, *Chairman*
Horace H. Foster William K. Kopp

Gift of Dr. John C. Phillips in 1936 comprising 14 acres of heavily wooded esker bearing a magnificent stand of pine and hemlock bordering on the great Wenham Swamp.

The Trustees' woods working crew cleared dead branches and tidied up the area.

REDEMPTION ROCK

Princeton—marked by a Massachusetts Tercentenary sign on south side of Route 140 near western boundary of Princeton (1/4 acre).

By gift from John Hoar and John Hoar, Jr., in 1952, The Trustees were recipients of the rock which was first acquired in 1899 by General George Fisher Hoar, one of the founders and first president of The Trustees who gave it to John Hoar in 1901.

LOCAL COMMITTEE

Waldo L. Whitcomb, *Warden*

The big flat-topped rock was the scene of negotiation and agreement for the ransom of Mary White Rowlandson, a captive of King Phillip's Indians, conducted by John Hoar of Concord in 1676.

ROCKY NARROWS

Sherborn—Reservation is most accessible by canoe and lies about one mile upstream from Farm Street Bridge between Dover and Sherborn. A foot-path leads into the area from Forest Street (53 acres).

Rocky Narrows was the third reservation given to The Trustees when Augustus Hemenway donated 21 acres in 1897, later giving funds for their care. Improvements were also paid for by Arthur F. Estabrook during his lifetime. Three acres were added to the reservation in 1941-1942, by gift of Mr. and Mrs. George Lewis, Jr. In 1942 by agreement with Shell Oil Company concerning a pipe line, two additional parcels of nine and eight acres came into the possession of The Trustees.

LOCAL COMMITTEE

Mrs. George Lewis, Jr., <i>Chairman</i>	
Henry M. Bliss	Charles E. Lillie
John Grew	Walter H. Probert
Dr. William E. Ladd	Richard Saltonstall
Mrs. Lucien B. Taylor	

The Trustees and the local committee were greatly saddened by the death of their interested and loyal committee member Mr. Bradford Williams. His thoughtful presence will be greatly missed.

The Rocky Narrows Reservation is a particularly desirable one for canoeists and is easily accessible from Farm Street Bridge which lies between Dover and Sherborn, and also from the Millis-Medfield direction. As there are few spots where one can stop for lunch or camp, this is an especially nice one.

The "Gates of the Charles" with the beautiful hemlock grove on the hill behind are nearby.

This Reservation is kept in good order and wood is there for fires. It is not accessible by car except by walking about a half mile from the main road.

As it adjoins some of the Town Forest of Sherborn, there are many excellent paths for walking and riding and one particularly fine view overlooking some meadows of Medfield with hills beyond and the Charles River below.

ROCKY WOODS

Medfield—on Hartford Street (430 acres).

Through the generosity and interest of Dr. Joel E. Goldthwait, the initial gift of 303 acres occurred in 1942 followed by further additions in the period of 1946-1959, bringing the total area up to 430 acres. Adequate endowment and special gifts for equipment and buildings all provided by Dr. Goldthwait, plus the very enterprising local committee, have made this reservation located on Hartford Street, Medfield, one of our most active recreational areas providing year-round activity of skating, skiing, picnicking and fishing in season.

At this writing, January 20, 1961, Rocky Woods Reservation is saddened by the loss of its founder, Dr. Joel E. Goldthwait, who passed away on January 15th.

The development of Rocky Woods Reservation to its present state is the result of more than thirty years of planning and foresight. Those who worked with Dr. Goldthwait as members of the Local Committee during the past twenty years well realize his intense interest and his desire to bring this project to completion during his lifetime.

The Local Committee, The Trustees of Reservations and the Community at large will feel the loss of one who gave so freely of his time, money and interest. The members of the committee who worked with Dr. Goldthwait have some consolation in the knowledge that he lived to see all of his major plans for the Reservation completed.

ROYALSTON FALLS

*Royalston—on Falls Road leading off to the right from
Warwick Road out of Royalston Village (205 acres).*

Royalston Falls, acquired by gift of George L. Foote, consisted of 200 acres in 1951, to which Mr. and Mrs. Foote added 5 acres in 1954 for an improved approach. The reservation which adjoins a state forest on the east and southeast has an endowment fund of \$2,025 subscribed in 1953-1954 by interested friends.

LOCAL COMMITTEE

An extensive engineering project, begun in the autumn of 1959, appears to have insured a more uniform and adequate flow of water over the falls. About a mile above the falls a dam across the Falls Brook has created a substantial pond extending north to the New Hampshire access road. The engineers are volunteers and have (they hope) taken up permanent abode here, one of their houses lapping onto the bridge crossing the Falls Brook. It is hoped that the beaver will not be molested and will become tame enough to be observed by visitors using this route to the Falls.

TULLY BROOK IN WINTER—ROYALSTON

While passable, both the Massachusetts and New Hampshire access roads are in poor condition, particularly the New Hampshire road.

All signs placed on the Reservation are quickly removed by parties unknown, one of whom substituted a "Bridge Unsafe" sign from Princeton, Massachusetts.

A number of tall thin trees both evergreen and deciduous along the path were deformed by the 1960 hurricane as if bent down by snow. Otherwise no damage was noted. Damage to the guard fence by rot and vandalism has been repaired.

Contributions of bird houses will be particularly appreciated.

CHARLES W. WARD RESERVATION

Andover—entrance to the reservation is located on the corner of Route 125 and Prospect Road (296 acres).

In 1940, Mrs. Charles W. Ward made a gift of 154 acres on Holt Hill, with an endowment, in memory of Mr. Ward. Mr. Charles L. Ward, Jr., in 1941, made a gift of 10 acres including Pine Hole Pond. In 1944, Mrs. Ward donated 36 acres on the south slope of Boston Hill, and in 1945 she added 78 acres to the Holt Hill area including Shrub Hill. Phillips Academy in 1957 gave 8.02 acres to be part of the Ward Reservation, and the Town of Andover took 1.7 acres in exchange for 2 acres north of the reservation. In 1958, 13.9 acres were donated by Mrs. C. Carleton Kimball and Mr. Charles L. Ward.

The past year has witnessed increasing use of the reservation by campers, horseback riders, picnickers and walkers. Mr. James O'Leary, the Fire Warden, reported that over 300 visitors climbed to the top of his observation tower during the season.

400 Boy Scouts, Cub Scouts and Explorer Scouts came to the reservation for over-night camping and field days. In addition, two training meetings for Scout leaders were held on the hilltop by the North Essex Council. It is gratifying to think of so many young people becoming acquainted with the reservation and learning the basic rules for protecting their outdoor heritage.

Again this year, Mr. George Sanborn and his trail crew from Phillips Academy cleared all the major trails on the reservation.

WHITNEY AND THAYER WOODS

Cohasset and Hingham—the entrance to the reservation is located on Route 3A opposite Sohier Street, Cohasset (723 acres).

By gift of Whitney Woods Association, Inc., in 1933, The Trustees added this 643 acres with an endowment of \$10,000 to their list of reservations. In 1935, 25 acres known as Bancroft Sanctuary was added as a gift from the Federation of Bird Clubs of New England. Mrs. Hugh Bancroft presented an additional 20 acres in 1937 and in 1941 10 more acres were added by gift of Charles B. Barnes and family. Mrs. Ezra Thayer made a gift in 1943 of 28 acres in Hingham and Mr. Joseph Saponaro presented 8 acres in 1950. The following additions were acquired through purchase: 60 acres in 1944; 53 acres in 1947; and 5 acres in 1948, with 6 acres in 1952. For military reasons, the United States Government has taken 125 acres in 1942 and 10 acres in 1957.

Horseback riding seems to be on the increase still, at the Woods, with some horses privately owned and some hired from the Saponaro stables. Accordingly more time has to be spent on the bridle trails.

Two small buildings damaged by vandals were taken down during the year. As this was a windy year several of the grove pines blew down and were removed. A small area of pines was cleaned of brush and made available as additional picnic grounds. The grove was visited and cleaned every Monday.

The release of government land in 1962 may make available for purchase land on the western edge of the Woods and now included in the Ammunition Depot.

AN ACT TO ESTABLISH THE TRUSTEES OF PUBLIC RESERVATIONS[*]

Chapter 352, Acts of 1891
Massachusetts General Court

SECTION 1. Frederick L. Ames, Philip A. Chase, Christopher Clarke, Charles R. Codman, Elisha S. Converse, George F. Hoar, John J. Russell, Leverett Saltonstall, Charles S. Sargent, Nathaniel S. Shaler, George Sheldon, William S. Shurtleff, George H. Tucker, Francis A. Walker, George Wigglesworth, their associates and successors, are hereby made a corporation by the name of THE TRUSTEES OF PUBLIC RESERVATIONS, for the purpose of acquiring, holding, arranging, maintaining, and opening to the public, under suitable regulations, beautiful and historical places and tracts of land within this Commonwealth, with the powers and privileges and subject to the duties set forth in chapter one hundred and fifteen of the Public Statutes and in such other general laws as now are or hereafter may be in force relating to such corporations; but said corporation shall have no capital stock.

SECTION 2. Said corporation may acquire and hold by grant, gift, devise, purchase, or otherwise, real estate such as it may deem worthy of preservation for the enjoyment of the public, but not exceeding one million dollars in value, and such other property, both real and personal, as may be necessary or proper to support or promote the objects of the corporation, but not exceeding in the aggregate the further sum of one million dollars.[†]

SECTION 3. All personal property held by said corporation, and all lands which it may cause to be opened and kept open to the public, and all lands which it may acquire and hold with this object in view, shall be exempt from taxation, in the same manner and to the same extent as the property of literary, benevolent, charitable, and scientific institutions incorporated within this Commonwealth is now exempt by law; but no lands so acquired and held and not open to the public shall be so exempt from taxation for a longer period than two years. Said corporation shall never make any division or dividend of or from its property or income among its members.

SECTION 4. This act shall take effect upon its passage.

*The name THE TRUSTEES OF PUBLIC RESERVATIONS was changed to THE TRUSTEES OF RESERVATIONS by vote of the Corporation at its meeting on January 20, 1954.

†In accordance with the provisions of Chapter 38, Acts of the General Court (1930), THE TRUSTEES "may hold real and personal estate to an amount not exceeding five million dollars."

MR. AUGUSTUS P. LORING, *Treasurer*
THE TRUSTEES OF RESERVATIONS
Boston, Massachusetts

Dear Mr. Loring:

We have examined the Balance Sheet of THE TRUSTEES OF RESERVATIONS as of October 31, 1960 and the related Statements of Income and Expense and Changes in Funds for the ten months then ended. Our examination was made in accordance with generally accepted auditing standards, and included such tests of the accounting records and other auditing procedures as we considered necessary in the circumstances.

In our opinion the accompanying Balance Sheet and Statements in support thereof present fairly the financial position of THE TRUSTEES OF RESERVATIONS at October 31, 1960 and the results of its operations for the ten months then ended in conformity with generally accepted accounting principles.

BEQUESTS TO THE TRUSTEES

The Trustees of Reservations receive no public funds whatsoever.

The sole support for the work of the Trustees comes through voluntary annual subscription, together with the unrestricted income from a very limited endowment. Your Standing Committee, on behalf of the Trustees as a self-perpetuating body, appeals to everyone who loves the shore and countryside of this Commonwealth—and who would see its remaining beauty preserved—to arrange personally, or to suggest the arrangement of, benefactions to the Trustees in order that this organization may the better fulfill its obligations.

FORM OF BEQUEST TO TRUSTEES

“I give, devise and bequeath to the Trustees of Reservations, a Corporation organized and existing under the laws of the Commonwealth of Massachusetts, the sum of \$. to be applied to the general uses and purposes of said Organization.”

Contributions to the Trustees of Reservations are deductible under Federal Income Tax Law.

THE LAURENCE B. FLETCHER MEMORIAL LECTURE

A lecture, by means of colored slides or movies, depicting the work of the Trustees and their various reservations, is available without charge excepting for nominal transportation costs. Mutually convenient lecture dates can be arranged with the Executive Secretary who will be pleased to show this lecture to interested groups and organizations.

Those interested may communicate with the head office at 224 Adams Street, Milton 86, Mass.
